Crash Course in Stripping!! -

Materials List:

The book "Quilting for People Who Still Don't Have Time to Quilt" by Marti, while no longer in print, is the basis for the class. If you have this book, bring it!

Cutting supplies: rotary cutter, ruler and mat

Routine sewing supplies & sewing machine

Fabric:

Typically, Burgoyne Surrounded is made with three fabrics, sometimes only with two. Please bring several 3 color combinations of fat quarters and pick the one you like the most in class. When putting together your combinations, look for contrast in value and size of design. I encourage you to think of your class sewing time as learning a technique or making a sample, not the start of a quilt for your King size bed. After you see samples, you are likely to change your mind on combinations.
